

TWO DAY MOLD CARE SEMINAR

FOR CONCRETE INDUSTRY PROFESSIONALS

Rampf would like to invite you to participate in one of our upcoming 2016 MOLD CARE SEMINARS.

This year two seminars will be held in our Hagerstown, MD, USA facility. The first seminar will be on **January 12th & 13th** and the second seminar on **January 14th & 15th**.

This seminar is an industry acclaimed event geared specifically towards plant personnel responsible for the maintenance of your molds as a tool to improve overall mold life and product quality. It is intended for:

Plant Managers
Machine Operators
Mold Maintenance Personnel

The seminar comprises several practical “hands-on” sessions mixed with interactive lectures that covers the following topics:

Mold Repair and Maintenance Techniques
Mold Care and Machine Performance
Common Product Quality Issues
Mold Dynamics and Function
Common Production Challenges and Solutions

Join us for two days of information, idea exchange and personal interaction with other producers in the industry as you learn how to **Extend the Life of Your Molds, Increase Control Over Your Product Quality, Overcome Common Production Challenges and Reduce Your Overall Mold Costs.**

The registration fee is \$685.00 USD per person and includes all the course materials. Our class sizes are limited and attendance is allocated on a first-come, first-served basis. We encourage you to make an early decision to attend this informative and fun seminar with your staff.

If you wish to attend to one of our seminars please complete the attached registration form and fax it to 301-791-0327 or e-mail it to Sales@rampf.com
